POEM

We'll never again work hard for an A,
Unless we're college bound.
No more reports and principals,
No more notes to be passed around.

No more crowded hallways,
Or slamming locker doors,
No more brown nosing teachers,
Or seeing Hoot clean the floors!

No more pep talks and bon fires,
Or doing rowdy cheers,
No more homework or teachers,
That we've had for thirteen years!

So now it's time to say good-bye
With diplomas in hand.
Fellow classmates hold onto the times
And try to really understand.

For thirteen years we've had each other
And now they're days gone by.
So keep in thought our precious memories
In the scrapbook of your mind!

And, also, Seniors, before I forget
Good luck to each and all.
These tears I'm crying are for the times with you.
So remember me wherever you're at next fall!

To The Senior Class of 83
With Best Wishes and Cherished Memories,
Brenda Baak

GINA BARBOSA

Gina Barbosa, our foreign exchange student from Vitoria, Brazil, is 17 years old and was born on March 16, 1966. She came to us January 19 and became a member of the Junior Class. She has one brother, Paulo, 23, and two sisters, Guida, 22 and Gabriela, 8. Her mother's name is Zelia and her father's name is Paulo.

Gina said that school in Dow City is very different from that in Brazil. Students here participate in many extra-curricular activities, where in Brazil, you go to school just to study. Here you are made to feel more important, and thus you enjoy school more. In Brazil, all the subjects are required. You have no choice in what you take. You may be taking up to as many as twelve subjects. But you don't have each subject every day. So it is more like our colleges, instead of our high schools.

They also have no prom, or graduation after high school. There is only graduation after college. To get into college, they must take a big exam which includes everything they have gone over in high school.

Gina feels that teenagers here have more freedoms. We are allowed to get jobs during the school year and to drive at a much earlier age. Although they can't drive until they are eighteen, they can drink and smoke at anytime. And they don't seem to have a big problem with drunk driving or alcoholics either.

The food here is pretty much the same as that in Brazil, except that there, everything is usually home-made. There are no ready-made instant sandwiches or canned goods.

For entertainment, they go to bars or the disco tech to meet friends. Every weekend and every chance she gets, Gina goes to the beach. She really misses it a lot, because she enjoys nothing more than being by the sea and being surrounded by nature. Gina's favorite subjects here at Dow City were art, computers, and choir. In Brazil, they were biology and physics.

In my interview with her, Gina said, "It was a great experience for me, and if I could take everyone back with me, I would. I would like to give a special thanks to my family here in the U.S., my friends, and everyone here who helped make my experience more enjoyable."

And I would like to tell Gina, on behalf of Dow City, that we really enjoyed having her here. It was a learning experience for us, and as we came to know her, that experience became more personal. We will miss her, and hope that someday she will be able to make it back to the U.S.
